It has been a longstanding tradition that at our end-of-season banquets a packet such as this be placed at individual tables for the players and parents to reflect on the season's accomplishments. The purpose, in my mind, is two-fold: 1) to promote goal setting and 2) appreciate that you are part of a much larger program and history.

Regarding item 2, throughout the season, numerous alumni stopped by games to see how the ol' team was doing or sent me texts to ask for game updates (especially those crosstown and playoff games). We've also had countless alumni come back and serve on the coaching staff. The things I hope the boys take with them are an appreciation for the bonds of friendship that have been formed and a recognition that they too can return the favor for future groups when they have the opportunity.

Regarding item 1, I am reminded of the following quote, "Nobody plans to fail, but many fail to plan." I believe firmly in goal setting and it is one of the first things we ask of our players at the start of the season. With this in mind, I hope anyone reading this recognizes that not one individual accomplishment can be achieved without the other 10 players on the field. You will see far fewer All-State recognitions for the years the team failed to qualify for state. It takes individual players committing themselves to the betterment of the team for the team to succeed. May that never be forgotten for future groups.

Go Bru!

-Adam
