It has been a longstanding tradition that at our end-of-season banquets a packet such as this be placed at tables for the players and parents to reflect on the season's accomplishments. The purpose, in our mind, is two-fold: 1) to promote goal setting and 2) appreciate that you are part of a much larger program and history.

Regarding item 2, throughout the season, numerous alumni stopped by games to see how the ol' team was doing or sent texts to ask for game updates (especially those crosstown and playoff games). We've also had countless alumni come back and serve on the coaching staff or play during the summer games. The things I hope the boys take with them are an appreciation for the bonds of friendship that have been formed and a recognition that they too can return the favor for future groups when they have the opportunity.

Regarding item 1, we are reminded of the following quote, "Nobody plans to fail, but many fail to plan." We believe firmly in goal setting and it is one of the first things we ask of our players at the start of the season. With this in mind, we hope anyone reading this recognizes that not one individual accomplishment can be achieved without the other 10 players on the field and others in practice. You will see far fewer All-State recognitions for the years the team failed to qualify for state. It takes individual players committing themselves to the betterment of the team for the team to succeed. May that never be forgotten for future groups.

In reflecting on this past season in particular, we had some incredible accomplishments, a few of which are listed below.

- Qualified for state with a bye.
- Beat Helena High both times, again 😊. This is now the longest winning streak (4) in program history and over the past two years we have outscored them 23-2, the largest margin over a two-year time in the rivalry's history.
- Reached double digit wins in back-to-back seasons for the first time since the 2006-2007 seasons.
- Set a program record for goals scored in the regular season with 69 goals.
- Had 8 shutouts, which is tied for second in program history. The 9 regular season goals allowed is also the second fewest in program history.
- Led the state in the number of different players scoring a varsity goal with 17 players.
- Lost just 4 games in the past two years, which is tied for fewest in the state over that time. We were 20-4-6 (W-L-T) over the past two years.
- Played 25 different players in a single varsity match, a program record.

- The JV had what is most likely the second-best regular season in JV program history (second only to last year): 12 wins, 1 tie, and 1 loss. They scored 58 goals, had 53 assists, and recorded 6 shutouts in 14 games.

Outside of all those stats, we were the proudest of how this group took the coaches' challenge to heart. The moniker for the 2023 season, 'Let it Rip,' was one that charged the players to believe in themselves, their talents, and one another. You could see that in the product we put out on the field and the manner in which we controlled matches.

This was a group that loved the game and playing alongside each other as representatives of Capital High. They were leaders on the field and in the classroom and it will be no surprise that the standard they have raised will set the stage for the continuation of future success for the current underclassmen.

A lot of that has to do with the mentality and example set forth by our seniors. We were beyond blessed to have had them with us for these four seasons and their impact will be felt for years to come.

For the program and team as a whole, taking a step back from the purely competitive aspect that is sport and looking at the larger picture, we hope you had fun. We hope you feel a great sense of pride in what you accomplished and the immense amount of work it took to get there. We hope you made memories and connections with friends that last outside this season and for many years down the road. We hope you are grateful for being able to work towards a common goal with a group and everything that comes with being on a team. We know the coaching staff are grateful and enjoyed every single moment.

Before we leave the 2023 season behind at the conclusion of tonight, let's celebrate some terrific accomplishments and an appreciation for the effort and dedication required.

Go Bru!
